President's Report – Adaoma Patterson

Overview of Year

It has been an incredibly busy, rewarding, challenging year for me in my role as President as well as personally. I must give a special thank you to the board and members who stepped up and filled in for me while I have been on medical leave. JCA continues on its journey of change at a time when there is increased scrutiny on justice and education systems that continue to perpetuate systemic discrimination and racism, when cultural appropriation is rightly being challenged, when a new generation is standing up and saying Black Lives Matter. It is clear that many of the gains our community worked for in the 1960's and 1970's are being eroded which reinforces the fact that JCA is needed now more than ever. Not as a provider of social services but to teach our children their history and culture, document and share the contributions of our community to the GTA and Canada, push for policy changes, increase political impact and contribute to the development of an increasingly diverse community. There is a void in our community and a JCA focused on advocacy, culture, education, youth and serving as a hub for community engagement is the right thing to do. I am heartened with the feedback we have been receiving from you and others in the community; it confirms that despite our challenges, we are on the right road.

Beginning with board orientation in June, I dug into the role and focused on gaining a complete picture of the current state of the organization, identifying priorities, working with CAFCAN board to resolve outstanding HR and operational issues, supporting new board members to understand their role as well as the organization and, communicating with partners and others about JCA.

Board Leadership & Governance

The Board began with a team building and orientation meeting in June at Belleeny's Restaurant and Lounge. This meeting helped to lay the foundation for the next 12 months and I am pleased to say that for the most part, we have worked cohesively. Board members bring a wealth of knowledge and experience which has resulted in a relatively smooth transition and learning curve. In addition to the orientation session, several JCA and CAFCAN directors participated in board governance training to better understand their legal and fiduciary responsibilities as a director. This will be repeated for the incoming directors. Additionally, the Nomination Committee distributed a survey to board members to gauge understanding of our role, identify challenges and make recommendations.

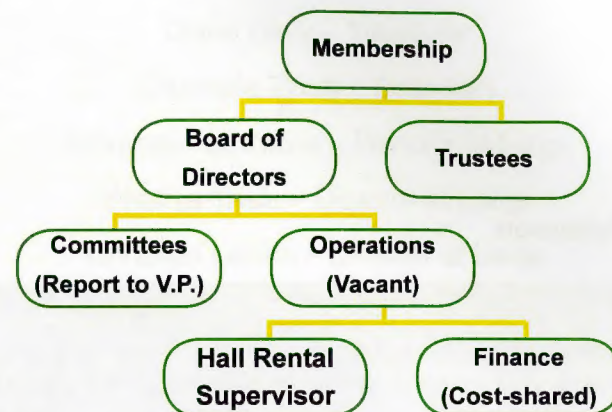

Operational Activities

Along with Director Michelle McKenzie-Dolly, I am a member of the Joint HR Committee with CAFCAN. This committee is responsible for addressing JCA and CAFCAN staffing issues and performance, collective bargaining and the current reorganization.

Much of the year has been devoted to implementing the organizational chart approved by the membership in 2013. The chart was revised by the previous president and board and this board adopted a similar version based on current resources and a May 2016 membership motion to eliminate the Executive Director position at JCA.

As reported at the February Quarterly meeting, effective April 1, 2017 the position of Hall Rental Operator was eliminated and replaced with a Hall Rental Sales and Services Supervisor. Jennifer McFarlane was offered this position and will continue working in the new position.

JCA Organizational Chart

Financial Viability & Fundraising

Addressing operational challenges occurred simultaneously with a critical look at JCA's current and future finances. As reported previously, JCA has been grappling with increased building costs and stagnant revenues including fundraising. This has resulted in a year over year deficit that we are committed to addressing. This includes resolution of and a formal agreement for an 'interagency fund' with CAFCAN. The previous Treasurer Roy Williams spoke about this but the board has focused on understanding the debt and more importantly identifying solutions, including a sound plan of action to ensure JCA remains viable. The good news is that the fund is decreasing and JCA is paying its share of costs. More will be said about this at an upcoming meeting the week of June 14.

I brought together a team consisting of Roy Williams, Audrey Campbell, Glenroy Williams, Owen Dunbar, Alton Brooks, Renea Douglas to develop a business plan for the organization. This document will be used to guide this and future boards efforts to increase revenue. It identifies the current state of JCA's hall rental services, proposes targets to increase rental, bring costs in line with revenue and identifies possible social purpose enterprises. Additional information on this issue will be brought to the membership in the near future.

Successes and Accomplishments

There is never enough time in a day or week to accomplish all the JCA tasks but I am pleased with the progress we made and will continue to make this coming year.

- Started and or completed 70% of commitments outlined in my campaign document including:
- Board team building/orientation
- Release of the board's action plan
- Work on processes operational processes such as tax receipts – I changed the policy that had staff issuing tax receipts only at the end of the year. Tax receipts are now being done as the donation is provided.
- Provided three comprehensive updates to members
- Began the process of addressing JCA's debt including understanding the source of the debt and possible solutions
- Along with Yolande Davidson, represented JCA at the Black Community Day on Parliament Hill. This lobby day which included twenty-five organizations from five cities across Canada, was a first for the Black community. Collectively, we met with 60 MP's. Plans are underway to continue this work.
- Applied for and received a small \$8000 grant for the Caribbean Canadian Seniors
- Received close to \$25,000 in additional infrastructure funding from MCYS
- Appeared in a number of media outlets to discuss and promote JCA: Tough Times Social Justice Newspaper, Rogers TV Peel and Toronto, GBKM FM

Outreach & Partnerships

- The Board and I spent a significant amount of time responding to requests to partner or work with JCA in some capacity. A number are still in discussion or negotiation but the following represent a small sampling of such partnerships:
- In October 15 we partnered with the Toronto Black Farmers & Growers Collective to host a farmer's market. It was a great opportunity to reach a new audience and received much attention on social media. Future partnerships include food education workshops to teach people how to properly prepare the vegetables.
- Caribbean Tales Film Festival, TIFF Bell Lightbox & Allied Integrated Marketing – established official partnership with CTFF which will result in ticket giveaways and exclusive offers to JCA members. Caribbean Canadian Seniors attended a film screening at TIFF and Allied Marketing has provided complimentary tickets to films
- Established official partnership with Jamaica National Basketball Under 17 team
- Worked with Sai Dham Food Bank in Malton to deliver food to Jamaican farm workers.

Next Steps/Outstanding for Next Year

- Identify much needed supports for the Caribbean Canadian Seniors and Saturday Morning Tutorial Program.
- Creation of a youth shadow board – incoming board member will take the lead
- Secure resources to support the operational tasks
- Increase hall rental revenue as per business plan targets for 2017/2018
- Preparation for provincial and municipal election initiatives

Vice President's Report – Leo Campbell

Overview of Year

"No one, not rock stars, not professional athletes, not software billionaires, and not even geniuses ever makes it alone." - Malcolm Gladwell

As I conclude my tenure, I must express my profound appreciation to the entire membership of the Jamaican Canadian Association, the JCA President Adaoma Patterson, my Board Colleagues and to so many individuals who afforded me the privilege of service and the tremendous support of the Jamaican Canadian Association.

Together because of the work of our dedicated volunteers, our committee chairs, supporters and sponsors, The Jamaican Canadian Association continues to **deliver programs and services**, provide a **physical hub**, and to advocate to improve the well-being and equity of Jamaican, Caribbean & African-Canadian communities within the Greater Toronto Area.

PROGRESS

A Physical HUB: "Let's Get Together for Haiti - Relief Concert."

In a powerful show of unity and concern for Haiti, a number of Caribbean organizations, along with the Caribbean Consular Corps, came together in a mammoth relief effort titled "Let's Get Together for Haiti - Relief Concert." Dr. Sylvanus Thompson, past JCA Vice President (Chaired), Hurricane Matthew brought new devastation to the Island nation of Haiti. With sustained winds of up to 230km/h Matthew has destroyed crops, flattened homes, swollen rivers, washed away bridges and taken lives.

The Jamaican Canadian Association (JCA) and the Caribbean community hosted a fundraising concert event on Thursday, November 10th, 2016. The event was further made possible with the support of community sponsors and donors (in-kind food) for this event with the additional support of esteemed and notable local artists, musicians, presenters, mc's and entertainers. Specifically, we asked local business to donate food items that were to be sold, and/or make a monetary contribution that would go towards the staging of this community fundraising concert event. The JCA donated the venue in support of the cause as a major sponsor. The event raised more than \$3000.

2016 PARTNERSHIPS

Citizenship Initiative Group (CIG)

Canadian Citizenship information session was held on Thursday Dec 1st, 2016 with over 300 persons in attendance. Topics included: The benefits of Canadian Citizenship, including the dispelling of the notion that you cannot have the privilege of dual citizenship; Presentations included the Consul General Lloyd Wilks on current matters in Jamaica on behalf of the Jamaican government; Informing participants that becoming a Canadian citizen will not compromise the citizenship of those who were born in Commonwealth nations.

The JCA aims to execute the Citizenship Swearing-in ceremony at the JCA Centre during the Canada 150 and the Jamaica Canadian Association 55th Anniversary.

The Jamaican Canadian Association Celebrated Financial Literacy Month with the Launch of the JCA Family Strengthening Series hosted on Saturday, November 12, 2016.

The event was facilitated by guest presenters from The Canadian Association of Urban Financial Professionals who presented interactive workshop for all community attendees.

The JCA Family Strengthening Workshop Series

The JCA Family Strengthening workshop series was piloted during the year. The workshop will enable the Jamaican, Caribbean & African-Canadian communities to gain the knowledge, tools and opportunity to network, build stronger networks and learn from our invited Guest speakers. The workshops will also help our constituents to gain a better understanding on how to create and sustain financial stability, career and personal development whilst building their socio-economic development and/or advancing their personal pursuits.

SIGNATURE 2016 EVENTS

The Jamaican Canadian Association (JCA) celebrated its 54th Anniversary and Jamaica's Independence Gala 2016

On Saturday August 6th, 2016, The Jamaican Canadian Association (JCA) celebrated its 54th Anniversary and Jamaica's Independence with its annual gala held at the Jamaican Canadian Centre, 995 Arrow Road. The Gala dinner and dance was headlined by Senator The Honourable Kamina Johnson-Smith, Minister of Foreign Affairs and Foreign Trade of Jamaica.

The evening's keynote speaker Senator the Hon. Kamina Johnson-Smith, who is the first female and youngest Foreign Affairs Minister in Jamaica's history, spoke elegantly about her role and vision. One key priority will be increased Diaspora engagement and partnership, including greater input by youth. Another principal policy is the attainment of economic growth and creation of jobs via the new Ministry of Economic Growth and Job Creation. Many high level initiatives are on the table. Per the Minister "sustained engagement and collaboration will allow us to work Stronger, Together, Forever." (Reference Press Release August 8, 2016)

Awards Committee

Annual Awards continue to recognize the contribution of an individual (s) who exemplify strong leadership in any activity that impacts the Jamaican, Caribbean and African Communities in the GTA in a positive way. This includes but not limited to areas such as Emerging Leadership, Research, Education, Sports, Social Justice, Mentoring, Journalism, and Health that contribute to the enhancement of productive and courageous citizenship.

We Remain As ONE

We must agree that the work is not over and we must continue to run the race! I borrow the words of President Obama, in saying "Think about the race that you have run. Think about the race ahead. If we keep taking steps toward a more perfect **community**, and close the gaps between who we are and who we want to be, "Canada" will move forward. There's nothing we can't do.

I acknowledge there is a lot more to go. But someone once said, "Sometimes, struggles are exactly what we need in our life. If we were to go through our life without any obstacles, we would be crippled. We would not be as strong as what we could have been. Give every opportunity a chance, leave no room for regrets." So while we have not completed the journey, let us be grateful that we have been on this road accomplishing so much together!

Let us continue to be unwavering, dedicated and committed to service of our community! Let us continue to stand shoulder to shoulder to fulfill our mission! Sincerest Thanks & ONE LOVE!

Acknowledgements

I want to say thank you to the Committee Chairs, Pam Reynolds (Membership Services Committee), Radika Garnett (Women's Committee), Owen Dunbar (Building Committee), Hyacinth Wilson (Awards Committee), Vilma Garnett (Saturday Morning Tutorial Program) and Ms. Nicole Harriott and many, many committee volunteers for your continuous support of the JCA, but most importantly, for the work that you are doing in our Association and our communities all across the Greater Toronto Area every single day!

Your work may not always be received with a lot of fanfare. Sometimes it's lonely work; sometimes it's hard work; sometimes it's frustrating work. But it's necessary work. And it builds on the history of our organization the JCA.

"Progress is the attraction that moves humanity." - Marcus Garvey

Director at Large (Advocacy) – Yolande Davidson

Overview of Year

A year ago when I ran for the position of Director-at-Large, my primary goals were to strengthen partnerships and increase the JCA’s community presence, particularly in the advocacy space. Over the past twelve months, my efforts have been focused on meeting these commitments as well as growing my understanding of the organization, its activist history and how the JCA can do its part to address the challenges facing our community today.

The advocacy work undertaken this year has cut across several sectors and issues, including policing, human rights, research ethics, education and political action, beginning with my participation fundraising activities in August 2016 for Jamaican seasonal farm workers devastated by fire. Since that time I have attended public consultations hosted by the Ontario Anti-Racism Directorate and Toronto Police Service’s (TPS) Transformational Task Force on TPS modernization. In addition to drafting a formal submission to the Task Force regarding its interim report and recommendations for improving policing in the city, I provided feedback at the Driftwood Community Centre and Toronto City Hall consultations. I also attended the inaugural consultation of the Independent Police Oversight Review hosted here at the JCA, where I provided an oral submission with recommendations for improving accountability of the Special Investigations Unit and other police oversight bodies.

In the fall of 2016 I partnered with a coalition of concerned African Canadians on ongoing advocacy related to the final report and conclusion of the Black Experience Project. In January, with the Canadian HIV/AIDS Legal Network, I co-hosted a film screening of *The Abominable Crime*, a documentary regarding the human rights abuses faced by Jamaicans in the LGBTQ community. In February the President and I participated in a Parliament Hill Lobby Day with a coalition of organizations to advocate for action on challenges facing African Canadians and to gain support from Members of Parliament (MP) for official recognition by the Canadian government of the United Nations Declaration of the International Decade for People of African Descent. In total, our group met with over 50 MPs.

At the invitation of the Centre for Israel and Jewish Affairs (CIJA), I attended a roundtable discussion between Mayor John Tory and the Interfaith Council regarding hate crimes in the city; CIJA staff and I are exploring further opportunities for partnership. I also sit on the Toronto District School Board Black Student Achievement Advisory Committee on behalf of the JCA.

It’s often said that, to know where you’re going, you have to know where you’ve been. The historical efforts and achievements of the JCA have greatly informed and motivated my current efforts on the advocacy file, as well as a renewed advocacy vision and priorities for the JCA, which I worked with the Advocacy Committee to develop over the past year in consultation with members.

Acknowledgements

I am deeply grateful for the consistent support that the members of this organization have shown me from the very start. So many of you, too many to name, have rallied around this Board, motivated us, held us to account, challenged and inspired us. You are the heart of this organization.

I would be remiss if I didn’t acknowledge the encouragement I’ve received from several past presidents, whether it was in the form of a kind word at a meeting, advice on overcoming challenges, or support for my initiatives. My sincerest thanks to all of you.

If our members are the heart of the JCA, our staff are its arteries. Thank you to the JCA/CAFCAN staff who do the daily work that helps make manifest our goals and desires.

To my colleagues on the Advocacy Committee, the expertise, insight and effort you have put forward to advance the goals of the JCA are appreciated. I must also recognize my colleagues on the Scholarship Committee, who worked tirelessly this year to ensure that our young people continue to have access to the resources they need to pursue greatness.

The last but not the least of my thanks are reserved for my fellow Board members. We’ve spent many hours working together for the greater good of the JCA and I am better for it. You each bring unique gifts to this work, all of which are grounded in an unwavering pride in and passion for this organization, its history and legacy. Thank you.

Successes and Accomplishments

I’m spoiled for choice in choosing from the many memorable and impactful experiences I’ve had since last May. Highlights from my first year on the Board include completion of my first formal consultation submission to TPS Transformational Task Force; participation in Parliament Hill Lobby Day; advocacy with the Coalition of Concerned African Canadians on the Black Experience Project regarding its conclusion, transfer of the project data to the community for greater accessibility and equity in research, and publication of the final report; partnership with the Canadian HIV/AIDS Legal Network to bring forward the stories of LGBTQ Jamaicans; and, the development a new advocacy vision and priorities to guide our work as we move ahead.

Next Steps/Outstanding for Next Year

In the months ahead, my efforts will continue to focus on building and growing partnerships with other organizations to broaden the impact and reach of the JCA’s work. A dedicated advocacy space on the JCA website to house updates, news stories and resources, as well as more focused advocacy events at the JCA on various issues are also priorities.

Director at Large (Human Resources) - Michelle Mckenzie-Dolly

Overview of Year – June 2016 to May 2017

This was my first year at the JCA and my goal as a Board Member was to develop a comprehensive appreciation of the organization's culture and operational principles. Over the year I have been blessed with the support of the President and all other colleague board members who were very accommodating. In November I transitioned to be the JCA representative on the CAFCAN Board ensuring that the interest of the JCA was being protected and serving as a liaison between the organizations. Within this portfolio I was integral part of the supervision of the former Executive Director and assisted with the employment separation procedure and the CAFCAN leadership transition process.

As a member of the Human Resource Management Committee, I assisted with numerous Human Resource activities inclusive of labour relations activities: collective bargaining, development of the Hall Rental Supervisor Position and representing CAFCAN/JCA at Human Resource related activities.

Saturday Morning Tutorial Program – Vilma Garnett, Coordinator

Overview of Year

The Saturday Morning Tutorial Program (SMTP) had another successful year of mentoring students in Grades 1 through 12, and college bound who came from the western end of Toronto, even reaching as far as Brampton and Aurora. Students were supported in subjects such as Language, Math, Science and Technology, French, Public Speaking and Youth Leadership, and African-Caribbean-Canadian Heritage.

In December the students celebrated the Season’s Festivities with “Hour of Code”, where they took part a national initiative online to learn how to write the computer program “Code” in order to design computer games for themselves and their friends.

This year’s Field Trip took them back in time to the underground heritage sites in Chatham, Ontario at the Uncle Tom’s Cabin Historic Site (Dawn Settlement), and the Buxton National Heritage Museum and Sites (Buxton, King Settlements), where they were able to get an account of settlement issues from descendants of the former slaves of the U.S.A. who were able to escape the brutality of both slave-owners and the government of the time. The trip also attempted to give perspective on the current issues surrounding Canada’s Refugees Acceptance Agreement.

Acknowledgements

We are grateful for the consistent dedication of the volunteer tutors/mentors, and would like to formally recognize: We’d like to extend our appreciation to the Women’s Committee for launching the discussion at the beginning of the year to parents on the of topic, “How to Advocate for Your Child(ren) in the Public School

Sector". We must also acknowledge the parents who have entrusted the care of their children and the children's wellbeing to us each Saturday morning.

Successes and Accomplishments

This year the program experienced registration of over 60 students, of these, 15 participated in the extended hour for the Robotics program. The program also generated interest from other agencies that sent representatives to observe its operations.

Other presenters included Luther Brown, Principal of the Africentric Alternative School; Robert Small, Legacy Black History Month poster artist; Film Director and Writer Sudz Sutherland, Mr. Lloyd Wilks, Consul General of Jamaica; and Officers from the Ontario Provincial Police (OPP). SPELLING BEE

Spelling Bee of Canada is an educational organization that encourages youth, parents, teachers and the community at large to participate in the education process. It is a stimulating educational program, outside the regular school curriculum, which focuses specifically on English language basics. Under the Theme ***"Education and Perseverance = Success"***, the organization coordinates the organization of annual community spelling bees aimed at children and youth 6 – 14 years of age. The participants are placed in one of three categories: Primary, Junior and Intermediate based on their age.

The North York West Chapter of the Bee was established at the JCA a number of years ago. A dedicated group of volunteers are responsible for planning the annual event, coaching the participants and to act as officials on the day of the regional competition. Over 200 students participated in the 2017 competition and the winners from each category represented the JCA Chapter at the provincial finals.

14TH ANNUAL JCA SCHOLARSHIP AWARDS

The JCA Scholarship Awards program was established to provide financial assistance to students from the African/Caribbean communities, who are pursuing post-secondary studies in Ontario universities or colleges. The 14th Annual Awards presentation was held on September 17, 2016 under the Theme: ***“Why Wait...The Future Doesn’t”***.

Due to the generous support of the various scholarship sponsors, donors, and others who have made significant contributions to the scholarship fund, thirty three (33) students were awarded scholarships at a value of \$40,000. This brought the total amount of funds awarded from the inception of the program to over \$500, 000 to approximately 440 students. Three of the sponsors were given special recognition for their continued generosity to the program.

A very inspiring message was delivered to the recipients by the keynote speaker the Hon Mitzie Hunter, Minister of Education. Additionally some of the recipients performed to the delight of the large number of attendees while MC Kerry Lee Crawford, G98.7FM, was very entertaining.

CAFCAN's YEAR IN REVIEW - Kemi Jacobs, Chair

It has now been 3 years since CAFCAN was incorporated as a separate organization. While the 2016/17 fiscal period has focused on the transition to totally separate the two organizations, the process is still underway. Highlights of the year include work with JCA on the Children's Aid Consultations with the Black community, continued program delivery and a consultation with stakeholders.

There were significant staff changes in the fiscal period, and the Interim CEO/ED, Everton Gordon, has moved on to new opportunities. Allison Creighton, Joe Boateng and Abimbola Fajobi, also transitioned from the organizations, and we thank them all for their contributions to the organizations and wish them every success in their future endeavors. As CAFCAN seeks a new Executive Director to lead the organization in the next exciting phase of it's evolution, managers Grace Williams and Mansur Mussa have assumed the responsibility of Interim Co-Directors during the transition. We thank them for their continued commitment to the organization, and to the staff team who deliver programs to the African, Caribbean and diasporic communities.

Strategically, while the operational separation has been completed, the organizations continue the process of finalizing the legal separation. This process has proven more complex than originally anticipated, and the transition plan has had to be adjusted to allow more time to finalize outstanding legal and financial details. It is anticipated that this process will be completed in the first quarter of the new fiscal period.

The review of programs which was completed this year showed that clients are generally satisfied with the services delivered by CAFCAN. There is always room for improvement and growth, and in the coming period there will be a strong emphasis on continuing to enhance the services delivered.

The organizations, CAFCAN and JCA, remain committed to supporting each other. Our boards continue working to finalize the separation, working together to ensure continued success of both organizations and to ensure that on-going challenges are addressed constructively.
